Ravenglen Farms Sold To Grayslake Realtor For Reported \$250,000

Louis Behm Will Liquidate 1,000 Acres; Pure Bred Cattle to be Sold

The Ravenglen farms of 1,000 acres at Hickory Corners on Rtes. 173 and 45 were sold yesterday by E. H. Ravenscroft to Louis I. Behm, real estate dealer at Grayslake for nearly \$250,000.

Ravenscroft, now at his winter home in Phoenix, Ariz., was represented by Guerdon R. Green, real estate agent of Waukegan.

Behm will take possession May 1, but Ravenscroft will continue his dairy business until late in May when he will dispose of his famous herd of 350 Holstein-Friesian dairy cattle.

Behm plans to divide the land into five tracts approaching the areas of the original five farms which formed the 1000-acre estate.

Ravenscroft first bought the Webb farm and then added the Pollock, Carmen, Nellis and other farms. Last year he sold 61 acres surrounding Deer lake north of Rte. 173 and west of Rte. 45 to a syndicate which developed Sportsmen's park.

The former chairman of the board of directors of Abbott Laboratories having won all top honors in Holstein dairy cattle raising, he has now wearied of the business and is planning to sell everything.

The Ravenscroft farms and their dairy cattle are known internationally.

Within a few years Mr. Ravenscroft had established a world-wide reputation as a breeder of Holstein-Friesian cattle. The herd was built on the two most famous bloodlines of Holstein breed, the Bessies and the Rag Apples.

More all-American blood is found in the Ravenglen farms than in any other herd in America. Seed stock has started and improved herds in all parts of the world.

Outstanding and most famous of the herd was King Bessie Senator, the bull that died recently and for which a monument was planned. He died with the all-time record of All-American 3-year-old, senior yearling, two-year old, and aged bull.

Others were Montivic Bonheur Hartog, holder of the world's fat record; Dictator Ormsby Oak, second only to King Bessie Senator as a show bull, is now reserve all-time All-American senior yearling bull; Queen Bessie Pieter Ormsby, the most famous of all Holstein brood cows, and foundation of the Bessie family; King Bessie Ormsby Pieterje, leading sire of all-time All-Americans and father of King Bessie Senator; Triune Papoose Piebe, foundation cow of the Rag Apple line; and Johanna Rag Apple, Pabst, the sire of the same line.

The most recent honors were the All-American ratings of Ravenglen Senator Lady bull calf, and the two products of Ormsby Triune Princess announced in The Waukegan News-Sun Saturday by the herdsman, R. A. Arnold. Chester Lingren, is the farm manager.

Liquidation of the farms by the new owner Mr. Behm will start at once. He will put in spring crops, however, although the dairying will be continued by Ravenscroft until the date of sale.

The new owner recently liquidated a 2,500-acre tract for the Curtiss Candy Co. in McHenry county. It was a part of the McHenry county holdings of that company.

Adult Evening Class for Men Studies Fertilizers And Conservation of Soil

L. F. Wainscott, of Belvidere, was the guest speaker of the Agricultural Adult evening class at the High school last Wednesday. Mr. Wainscott used the first part of the program to give some of the facts about soil conservation today and how the soil was formed. After this lecture period he showed some of the slides from his selection. The slides were taken throughout northern Illinois.

This weeks topic for the class was "Natural Fertilizers, what they are and what is their use." Mr. Wickert discussed the topic and also discussed the best time of the year to turn under a green manure crop to get the most value out of it.

Next week the agricultural class will have another guest speaker, Dr. Otterson from the Koss Fertilizer Company in Kenosha. Dr. Otterson is the head of the Agronomy department of the Koss Fertilizer Co. His topic for the evening will be "Commercial Fertilizers." Mr. Wickert is sure that everyone who attends the meeting will find it very interesting and educational.

Allendale Defeats Lake Forest for 10th Victory

The Allendale Tigers won their 10th straight game recently in a non-conference game by defeating the Lake Forest Day school by a score of 50 to 26. The Allendale offense was led by big Bob Seymour who was tops in the scoring department racking up 21. The Lake Forest boys put up a scrappy fight during the entire game but just couldn't match the scoring punch of the strong Allendale team.

The Allendale Juniors also came out on top in their game by whipping the Lake Forest Lightweights 36 to 17. Rich Meyer was high point man for the Allendale team scoring 9 points.

Understand Adolescent, Understand His Growth, Christensen Declares

Evanston Representative of I. M. S. Speaks Before A. T. H. S. Parents

To understand the adolescent it is necessary to understand his development physiologically and psychologically, Dr. Carl Christensen, Evanston, representing the Illinois Medical society, told parents of Antioch Township High school students Tuesday evening.

Christensen traced the physical changes in children up to 11 years and after that age, paralleling it in both sexes with their psychological development and interests, and how it affects their attitude toward the self, the parents and the environment.

"It is the natural tendency for the adolescent to be dramatic about everything," said Dr. Christensen, "and it is necessary for the adult to understand him or her, and see that he or she has an opportunity to become affiliated with a group of his or her peers, and that it is a satisfactory one."

Ninety persons were present at the meeting in the high school.

The entertainment included several vocal numbers by a mixed quartet of high school seniors comprising Jack Mahoney, Joanne Midgley, Adella Rentner and James Kennedy.

Mrs. Roy Crichton, secretary read the minutes. Mrs. K. F. Dietrich, treasurer, gave her report and Mrs. Lewis Beil, before introducing the speaker appointed a nominating committee comprising Mrs. Henry Rentner, chairman, Mrs. John Hoegen and Mrs. Robert McCann.

Refreshments were served by the mothers of the Lake Villa area.

Conference Principals Adopt Baseball, Golf Schedules, Vocation Day

Principals of the high schools in the Northwest conference meeting at Grant Township High last yesterday adopted a new basketball schedule of 14 games for next year and set Monday, May 29 as the day for the conference golf tournament at Bensenville.

Prin. Gerald McElroy of Palatine was authorized to draw up a baseball schedule starting Tuesday, May 2, with games on Tuesdays and Thursdays thereafter until all teams have been played once. Last year's home and away games are reversed.

The group set March 13 as Vocations Day and selected Barrington as the meeting place. Seniors of the conference schools interested in a vocation will gather there for the day. Miss Donelda Schardle, personnel director of the Washington National Life Insurance Co., Evanston, will be the speaker.

Students will have opportunity to be in two discussion groups treating of a vocation in which he has manifested interest.

Final arrangements were made for the music festival at Barrington the evening of April 24. Vocal and instrumental students from the schools in the conference will assemble on Sunday afternoon April 23 at Barrington in rehearsing for the public program the following evening.

Sten Halfderson, vocal director at West Aurora High school will direct the chorus and Bruce Hausknecht, Joliet High will direct the orchestra.

Mrs. F. C. West, of Kansas City, Mo., spent the weekend with her parents, Mr. and Mrs. Lee Strang and attended the wedding of her brother, Howard.

March of Dimes Total Of \$2058.73 Far Over Goal in Antioch Twp.

Receipts This Year Three Times That of 1949 In This Area

Antioch Township went over the top by a 34 percent margin in the March of Dimes drive, the total yesterday standing at \$2,058.73 with a goal of only \$1,500.

Edward Gresens, chairman, highly elated over the success of the drive locally, said that the 115 iron lung coin boxes upped the receipts locally to \$1,758.73 when added to last minute contributions from schools and individuals. The boxes contained \$220.

In a call to county headquarters at North Chicago yesterday he learned that \$300 sent in by mail had been credited to the Antioch area.

The total gifts this year were three times as much as last year when the receipts were \$670.

Gresens credited the success here to the fine cooperation of the various organizations and individuals with the committee. The fact that several well known persons in the township benefited from the fund accounted for the interest.

Lake Villa Men's Club To Hear Charles Mason At Lincoln Day Dinner

Inaugurating its new program of providing a spotlight speaker for each monthly dinner meeting the Lake Villa Community Men's club has arranged a special Lincoln Day's presentation for Tuesday evening, Feb. 14, in the Lake Villa school gymnasium, Milwaukee and Grand Ave., at 7 p. m.

Entertainment Chairman William Marks announces that Charles E. Mason, the former State's Attorney, and one of the nation's foremost authorities on Abraham Lincoln, will be the guest speaker.

He will present his special Lincoln program, which has made him one of the most sought after dinner speakers in this area.

"We feel that Attorney Mason's appearance at this time is particularly noteworthy, inasmuch as our regular dinner meeting is only two days later than the revered President's birthday," said Jerre Hagen, the 1950 president of the Lake Villa Community Men's Club.

"Everyone in Lake County knows Mr. Mason," he continued, "and the thousands who have heard him talk about The Great Emancipator know that his presentation is interesting, authoritative and memorable."

Serving with Mr. Marks, the Lake County and State Republican leader, are Ben J. Cribb, Don Cremin, Rev. Robert Harrison, John Eder, John Henning and Jerre Hagen as ex-officio.

This entertainment committee has pledged itself to providing speakers each month of a comparable caliber to Attorney Mason. The Club's secretary, Charles Von Oeyen, announces that the menu for the Feb. 14 meeting will include baked ham with all the trimmings.

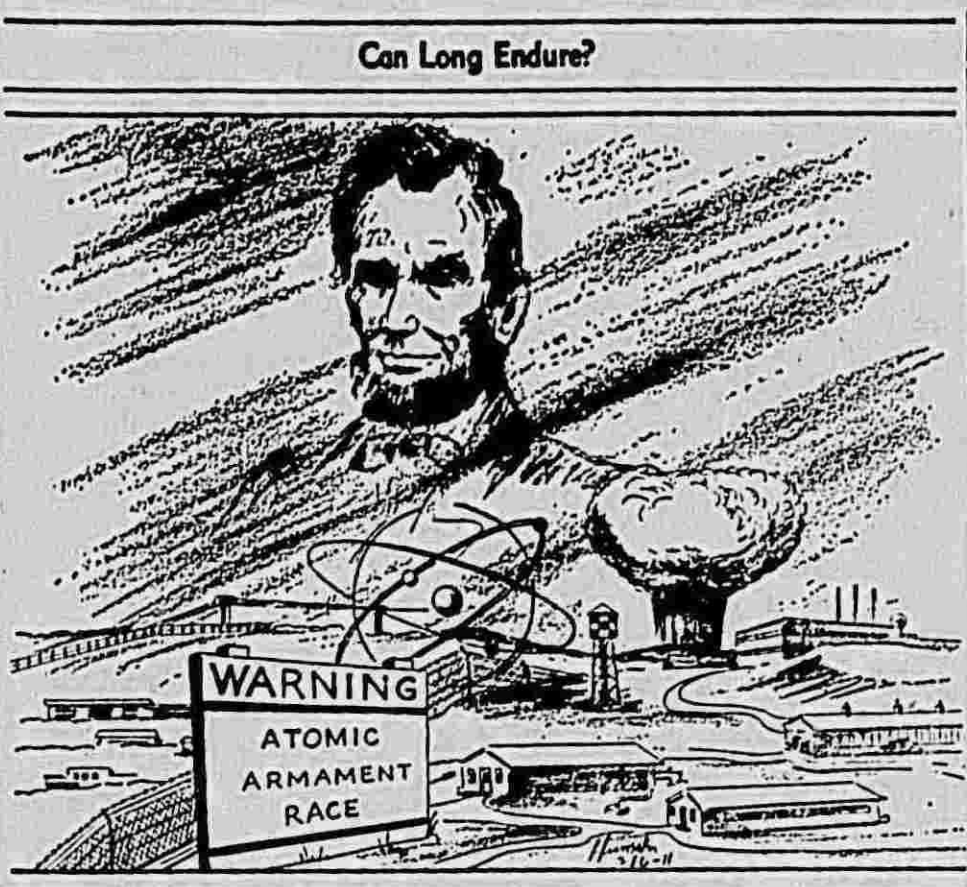

Charles Hawkins Honored With Baby Shower as New Father at Stag Affair

Mr. and Mrs. Charles Hawkins, Kenosha, are the parents of a daughter, Elynn Lynn, born Jan. 24, at the Kenosha hospital. Mrs. Hawkins is the former Jean Krueger who was an English teacher at the Antioch Township High school.

A surprise stag shower was given by George Hawkins, cousin of the new father at his home in Antioch for Charles who is the owner of the Lakeway Meat Market in Kenosha. Eight of "Chuck's" old schoolboy friends were present and spent the evening at cards.

They presented the proud father a corsage of wilted vegetables and a fine diaper container full of gifts for the baby. The father was required to drink his refreshments from a nursing bottle all evening. A baked ham dinner was served.

Will Display Handicraft Cub Scout pack No. 91 will have its display of Scout work and handicraft at the Ford garage this weekend in observance of Boy Scout week.

Eligibility Extended in Antioch for Blue Cross By Farm Association

Blue Cross protection against the costs of hospital care will be extended to more residents of Lake county during a special limited enrollment in Blue Cross Plan for Hospital Care between Feb. 20 and March 4, it has been announced by Donald Adams, president of the Lake County Health Improvement Association which sponsors the program in the county.

Lake county farmers and their families first became eligible for membership in the Blue Cross program a year ago when the HIA sponsored the county's first enrollment. At that time, membership was opened only to residents who earned more than half their income from farming.

During the coming enrollment, President Adams explained, all members of the Lake County Farm and Home Bureaus who are employed in groups of less than five persons may join regardless of where they live in the county, as well as those who earn more than half of their income from farming.

Residents of Antioch, Lake Zurich and Grayslake who are self-employed or work in groups of less than five employees, may also enroll in the Blue Cross program. Adams pointed out that enrollment is being opened in these communities because local citizens have formed community committees and have volunteered to visit their neighbors to explain the program and take applications for membership.

Volunteer workers from the communities and townships in the county will meet at the Otterness Restaurant in Libertyville on February 20 to make plans for the re-enrollment and to receive final instructions for the campaign to extend the Blue Cross program to more citizens in the county.

American Legion Opposes Hoover Commission Effort To Divorce V.A. Functions

The Illinois American Legion has begun its fight against the Hoover Commission and its veterans' recommendations.

Meeting Jan. 22 in the Chicago City Hall council chambers, the executive committee authorized an emergency appropriation of \$10,000 for the immediate establishment of an educational program in the state to combat efforts of the Hoover Commission in its efforts to wreck the Veterans Administration.

Members of the committee were urged by Merle E. Schaad, of Princeville, state Legion commandeer, to carry the Legion's message down to the "grass roots," so that veterans and non-veterans alike will be alerted to the danger now facing veterans and their dependents the nation over.

Keynote of the gathering was struck by Gen. John Thomas Taylor, of Washington, D. C., for 31 years national legislative director of the Legion and now legislative consultant.

"This is not only a fight to destroy the Veterans Administration, but also a bold attempt to decimate the American Legion," he warned.

Under proposals advanced by the Hoover Commission to Congress, the Veterans Administration, central agency for veterans' affairs, would be disbanded by splitting it into five separate federal agencies.

Lions Urge Trustees To Seek Cash for New Street Lighting System

Board Accepts Willowdale Offer of \$400 for 1949 Sewer Service

The village board was asked by the Lions club Tuesday evening to seek money by which modern lighting can be provided the business section of the village.

The club said that if a substantial amount could be found by the village fathers for this purpose they would attempt to furnish the rest. The trustees took it under consideration but said at the time they didn't know where the money could be obtained although they were sympathetic to the idea. Business men are strong for the improvement.

Representing the Lions club were R. G. (Bud) Holtz, committee chairman and Frank D. Powles and William E. Brook.

They presented a representative of the Hyre Electric Co., Chicago, who estimated the cost of 14 lights at approximately \$6,500.

George Joedicke of the Public Service Co., of Illinois, estimated the cost of 27 lights at \$13,500. While his company does not do the work it can arrange for it.

There was much discussion of the possible sources of revenue from the village's standpoint. The trustees do not know whether parking meter money can be used for the lighting because the law in that respect has never been tested. Some cities use gas tax money, but locally it is needed for road repair.

Accept Willowdale Offer

On a motion of Trustee Murrill Cunningham the board accepted the proposal of the Willowdale Dairy Co., to pay \$400 for its use of the sewage system in 1949. Up to this time the board insisted that the rental date back to the spring of 1948 when the service charge was established. The Willowdale Co. maintained that it was never officially notified, and refused the 1948 payments.

Northbrook First Hurdle

Antioch High will play Northbrook first in the district basketball tournament at Barrington. The winner will play the winner of the Barrington-Lake Forest game. The time of the game has not been set.

vices would be placed in a new United Medical Administration, the hospital construction program would go to the Department of the Interior, all insurance matters would be under the jurisdiction of a new Veterans Insurance Corporation, G. I. home loans would be shifted to the Housing and Home Finance Agency and the Veterans Administration would, presumably, control other veterans' matters.

"The Hoover Commission, which took two years to make its report and spent \$2 million, says all this will promote economy," Taylor told his audience.

"The American Legion thoroughly disputes this assertion. If the Hoover recommendations are enacted into law, the result will be only chaos, more red tape, more bureaus, and more taxes. The veterans will be the goat and the taxpayer will be left holding the bag."

The present unified, one-stop service that the Veterans Administration now provides for the nation's 19 million veterans will be ended if the Hoover Commission proposals have their way, Taylor explained.

Barrington There and Ela Here Make Hard Weekend for Sequoits

Both Teams Lost to Bensenville, There Last Friday Grayslake Wins

Antioch High succumbed, as did all of the other Lake county teams in the Northwest conference, to the power of the Cook county teams, Friday losing to Bensenville there 42 to 29.

The scores of other games in the league were Barrington 43, Ela 31, Northbrook 45, Grant 35, Palatine 33, Wauconda 22.

The Paposes also lost to the Bensenville second team, 36 to 18, and on Monday evening lost to Grayslake there 24 to 22.

Tomorrow evening the Sequoit teams will go to Barrington, to play the unbeaten Bronchos, and on Saturday will play Ela here. Two tough games, these.

If the third quarter could be eliminated Antioch High's varsity team would come near winning more games. It is in the third quarter that they usually go down.

In the Bensenville game the score at the first quarter was 7-3, and at the half 16-12, in favor of Bensenville, but with Antioch growing stronger. Bensenville made as many points in the third quarter to lead 32 to 20 as she did in the entire first half, and the two then played on even terms again during the final quarter.

The Paposes held the Bensenville Calves even during the first half 12 to 12, but tired during the last half to give the home team an easy victory.

The Paposes went down before Grayslake in the same manner Monday. They led at the half 16 to 6 and appeared an easy winner. They made only six points the whole last half while Grayslake made 18 points to win by two points.

The standing of the Conference varsity teams is:

| Team | Won | Lost |
|-------------|-----|------|
| Barrington | 11 | 0 |
| Palatine | 8 | 3 |
| Bensenville | 7 | 4 |
| Northbrook | 6 | 5 |
| Ela | 6 | 5 |
| Antioch | 5 | 6 |
| Grant | 1 | 10 |
| Wauconda | 0 | 11 |

Plan Drive for \$500 as Share of Expense of District Scout Council

Boy Scout executives will meet at the Antioch Scout home this evening in planning and executing a drive to raise \$500 as its share of the expense of the Northwest district council.

Letters are being sent out explaining the needs and these will be followed up by personal solicitation.

T. R. Birkhead, heading the drive, said that the quota for Antioch combined with the Channel lake and Grass lake areas will be \$500 and this will be divided as the goal of each place.

Antioch and Grass lake have both cub pack and Scout troops, but Channel lake has but the troop.

There will be no solicitation in business houses and the only place a business or professional person may be asked to give will be at home, Mr. Birkhead said.

"We don't want any large gifts. We would rather see \$1 gifts from 500 persons than one big gift," he said.

He made it clear that none of the money goes to the local scout troops or to the Scout home. It will be sent to the district office to pay for the service provided for the district.

The council has three trained Scout executives to give helpful service to all districts. Its office is a service station to units, leaders and boys, keeps the records, provides programs, bulletins and offers a supply service.

The council maintains and operates Camp Ma-Ka-Ja-Wan, an investment of more than \$80,000. It promotes many community, district and council activities and special events.

The breakdown of the budget items calls for 29.5 percent for administration; 34.8 percent for direct service to districts; 18.9 percent for camping and activities; 9.8 percent for program helps; 6 percent for leadership training and 1.0 for National services.

Piecemeal Resistance Futile

Piecemeal resistance to the encroaching authority of a strong central government is about as effective as a one bucket fire brigade. During the past couple of decades the philosophy of the total state has come close to destroying the liberty and dignity of the individual the world over.

The United States is no exception. Under a well defined Federal plan we are moving steadily toward total state control of basic industries, the recognized route by which modern governments enslave people. And yet individually and collectively in our various trades or professions we flutter happily about like barnyard fowl until the man with the ax lays us by our heels, for the final stroke.

Not long ago the editor of a Trade publication, The Hardware Retailer, urged retailers to take a greater interest in the national scene. He pointed out that small retailers came very near to being included in the wage and hour law last year, and also that "anything which affects manufacturers and wholesalers unfavorably, definitely affects the interests of the retail distributor." He could well have added that industry threatened with socialization, excessive taxation, or abuses of power by monopolistic labor bosses affects the interests of retailers, just as it affects the welfare of everyone else.

If the growth of such evils is to be curbed at all, it must be done by the collective opposition of all the people—not just the minorities who are the victims at the moment.

Coal At The Year's End

As the year neared its end, the coal supply was running low. Some major coal users, including several railroads, were concerned about their future needs. Worry was expressed by retail coal merchants in many communities, who were facing with uncertainty the cold weather period when demand reaches its peak.

In the coal mining regions, thousands of miners and their families went through a bleak Christmas season. The reason: there had been little work for a long time and their financial resources were at a low ebb.

The owners and operators of the soft coal mines—the people whose savings and work made this great basic industry possible—also looked ahead with uncertainty. Due to high costs and periodic shut-downs, coal's competitive position in regard to other fuels had worsened. Coal users, and especially the big users, naturally turn to the fuel which offers the most certain supply at the most reasonable cost.

Why had all this occurred at a time when the country at large was running in high gear, there was relatively little general unemployment, and most industries were doing well? The answer is simple. Coal labor is an iron-clad monopoly, under the control of one man, John L. Lewis. Mr. Lewis had decided that not a ton of coal should be mined without his consent, and then only under terms to be dictated by him, without honest arbitration as we have always understood it. During the year there had been shut-down after shut-down; dislocation after dislocation, strike after strike. The losses to the miners, the owners, and to other industries have been incalculable.

And here is what Congress must consider. This condition will continue so long as we allow nationwide labor monopolies to be completely free of the antitrust, antimonopoly laws that apply to all other business.

The Low Down From Hickory Grove

You know, from one angle, our young folks are in a dilemma. They see the Govt. finger being pointed at anybody who has gotten far enough along to get his name in the paper—or maybe his picture. To be undesirable, you qualify quickly by being self-supporting, or big, or helping make some venture a success. Why take hold of something small or new and by the use of elbow grease build the small venture into something big. Where is the point along the route where the little venture changes its coat from being "deserving and desirable" to being "undesirable." That is the dilemma question.

There is difference—but not big—between the way Russia runs all business, big and little, and the way we operate here in our own grand land. Our own Govt. is bending every effort toward being the Big Smoke, too, like Russia, by putting rocks on the track of little business soon as it shows signs of making speed under its own steam.

As one sample, tuck Edison and his motor and his lamp. Little fellows built up poles and wires to supply the power—did a good job—but now what. The Govt. is elbowing-in—and pushing out the folks who made a little new business into something important—big. A dilemma for our young folks, I calls it.

A special meeting of the Wilmot high school district will be held at 2 p. m. Feb. 14, to vote on building an addition to the present high school. Alfred Oetting, clerk of the school board Tuesday began the task of personally notifying 75 per cent of the voters in the school district comprising six townships. Oetting said he was advised by the state department of public instruction to inform residents of the meeting by personal contact. The clerk said he also was authorized to appoint assistants to aid him in the task. The district covers towns of Randall, Wheatland, Brighton, Salem, Paris, and Bristol in addition to villages of Twin Lakes and Silver Lake. The area covers approximately 190 square miles. The school board directed Oetting to comply with the request for a special meeting on Jan. 25. A petition signed by 24 residents in the district asked that the meeting be called to vote upon building a \$350,000 addition to the high school. Oetting delayed calling the meeting until he ascertained legal procedure from the state department in Madison. Under the law, personal contacting of voters is not necessary if a newspaper is published within the district. The state, however, ruled that the only publication, The Twin Lakes Reporter, did not cover an adequate territory. The big ques-

tion facing Oetting is how many voters he must notify. There is no registration of voters in the county. On the basis of the first vote Oetting and his staff must contact at least 1,800 persons, but the school clerk said he would probably attempt to contact every voter in the district.

Standard Resort Boats

The flat bottom Standard Resort has proved its value season after season as a first class, low-priced fishing, family, and pleasure resort boat. Of similar construction to other STAR boats, this model differs mainly in that it has built-in air chambers instead of the separate, removable type. These chambers are riveted and soldered to the sides and bottom of the boat in the bow and stern serving as seats.

Included are such features as sturdy angle-iron gunwale, wood floor-racks, anchor pulley, wood motor block, oarlocks, exclusive press-forged keel, and heavy channel steel framework. Finished in aluminum and green. Oars are \$6.00 per pair extra.

The Third Time The Anti-Trust Lawyers Were Wrong!

Is it a crime to give people more good food for their money?

For 90 years A&P has devoted all its energies to this end.

For many months now the anti-trust lawyers from Washington have been giving stories to the newspapers, making speeches and talking over the radio about this company.

They have been making serious and damaging allegations about the methods that enable A&P to give its customers better food values.

We have already told you about other times the anti-trust lawyers made charges against us that were proved utterly false in court.

In the left-hand column on this page you can read what the federal judges had to say about those two cases.

Now we are going to tell you about the third time a federal judge decided against the anti-trust lawyers.

What Has Gone Before

Today's ad is the third in a series telling about times the anti-trust lawyers made serious and damaging charges against A&P that the courts decided were not true.

In the first ad in this series we told you about the time the anti-trust lawyers charged that A&P, and other good American citizens, conspired to fix the price of bread in Washington. These charges were false.

That was the time Federal Judge T. Alan Goldsborough instructed the jury to bring in a verdict of "not guilty".

It was the time he said to the anti-trust lawyers:

"If you were to show this record to any experienced trial lawyer in the world, he would tell you that there was not any evidence at all."

"Honestly, I have never in my over forty years' experience seen tried a case that was as absolutely devoid of evidence as this. That is the honest truth. I have never seen one like it."

But that was not the only time the anti-trust lawyers made such serious "allegations" against A&P which were false.

In our second ad we told you about the time in Wilson, North Carolina, they charged A&P's fresh fruit and vegetable buying subsidiary, and other good American citizens, with conspiring to fix and depress prices paid farmers for potatoes in North Carolina, Virginia and Maryland.

Here again, as in the Washington bread case, the charges were false.

This was the time Federal Judge C. C. Wyche directed the jury to bring in a verdict of "not guilty".

It was the time he said to the anti-trust lawyers:

"I have studied this case from the very outset. In my opinion there is no testimony produced from which it can reasonably be inferred that the defendants entered into a combination to depress or lower the price of potatoes."

"I might say that I never tried a case in my life where a greater effort, more work, more investigation had been done, combing almost with a fine-tooth comb to gather evidence, as was done in this case."

"But, as was said a long time ago, you can't make brick without straw, and you can't make a case without facts."

So here were two cases in which the anti-trust lawyers made seriously damaging charges against A&P, in which the judge decided that there were no facts to support those charges.

Today, we want to tell you about the third time—this time in Dallas, Texas—the court decided against the anti-trust lawyers.

The Dallas Anti-Trust Suit

In 1942 the anti-trust lawyers went out to Dallas, Texas, 1,400 miles from the homes of most of the defendants, and instigated criminal charges against A&P.

About this case one thing was sure.

Their previous experience did not deter the anti-trust lawyers from making more inflammatory and damaging allegations, just as they had done before.

They made practically the same allegations they are making today.

Federal Judge W. H. Atwell ruled that the case should not even be tried. He said that the indictment contained inflammatory statements that he would not permit to be presented to a jury.

Judge Atwell said to the anti-trust lawyers:

"If I thought I was presiding over a court and that I might have to sentence some person because he was a great big fellow, or because he was a Lilliputian, I would feel like resigning. God knows we don't want it ever to occur in America that the size is going to determine whether a man is guilty or innocent."

Judge Atwell also said to the anti-trust lawyers:

"If the indictment is not good then it is better to find out before an expensive trial than it is after an expensive trial. I do not think it is good, and thinking that, it is my duty to sustain the demurrers and motion to quash."

In short, Federal Judge Atwell threw the anti-trust lawyers and their case right out of his court.

So that makes three times that the anti-trust lawyers made damaging allegations against A&P. In two of these cases federal judges said they were all wrong. In the third case a federal judge said that the indictment was inflammatory and he would not even permit the case to be tried.

The anti-trust lawyers were not satisfied with the Dallas decision.

Neither were they satisfied with the two other decisions in which federal courts administered stinging rebukes to them.

They were still determined to destroy A&P.

In our next ad we will tell you how they continued their campaign in this case in the Circuit Court of Appeals and subsequent proceedings.

We will show you how, once again, they disagreed with the courts.

Everything that has happened since this suit was filed proves that the American people don't want A&P destroyed.

A deluge of letters from people in all walks of life and thousands of editorials in newspapers and magazines convince us that the public has faith in A&P.

The housewives of this nation, whose patronage has made this company big, are buying from us in increasing numbers and increasing volume.

Our suppliers, whom the anti-trust lawyers allege we have exploited, are rushing to our support.

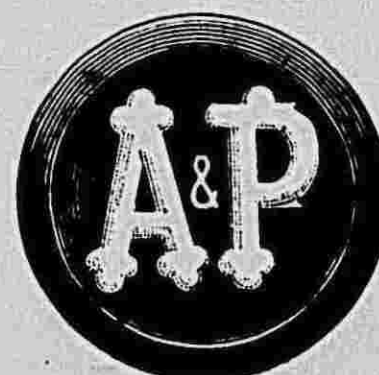

Labor leaders, mindful of the fact that A&P employees enjoy the best wages, hours and working conditions, are taking a stand against the suit.

Even many of our good competitors, who the anti-trust lawyers allege are hurt by our competition, have taken ads to tell the public that they don't like this attack on A&P.

All this indicates that the American people realize that the suit to destroy A&P is really a suit against efficiency, against low prices and against real competition.

Apparently most Americans do not want to let the anti-trust lawyers in Washington blow the whistle on any businessman who does a better and more efficient job and grows big in the process.

No one can make them believe it is a crime to try to sell the best quality food at the lowest possible price.

SOCIETY EVENTS

Marie Schultz Becomes Bride of Howard G. Strang

At a four o'clock service on Saturday afternoon at the Hans Marten's home on Tiffany road, the marriage of Marie Schultz and Howard G. Strang was solemnized, with the Rev. G. Richard Tuttle officiating. The double ring service was used.

Given in marriage by her uncle, Mr. Al Schmidt, the bride was gowned in winter white velvet. Its fitted bodice had a pink lace inset and a rolled collar. The skirt back was pleated to give the effect of a bustle. Her head dress a Juliet hat made of white sequins and trimmed with tulle. Pink carnations, sweet heart roses and white carnations, formed her heart shaped bouquet.

The groom's sister, Mrs. Helen Schimmel, was matron of honor. She chose a yellow, capped sleeve gown, featuring a shawl collar and wore a sequin head piece. She carried a bouquet of roses and carnations.

Mr. John Schmitt, brother of the bride, served as best man.

Following the ceremony, a dinner was served to the immediate family, which was followed by a reception in the evening. Out of town guests attending the wedding were from Chicago, Kansas City and Kenosha.

After a two week trip through the south, the couple will make their home at Lake Catherine.

The program will include two "short" motion pictures, "Sing a Western Song" and "Highway to Alaska", the latter with beautiful scenic pictures. The main part of the program will be the motion picture, "Answer for Anne", which is sponsored by the Young People's M. Y. F.

The picture tells the dramatic adventures of a Teen-ager who wanted to know about Displaced Persons. There are real life scenes filmed in the D. P. Camps of Europe under the cooperation of the International Refugee Organization.

Members and friends of the church are cordially invited to the monthly Family Night programs. The entire program is without charge.

On the following day, Thursday, the 16th, the Grade schoolers will hold their final dance until after Lent, at 3:45 in the afternoon. Miss Yvonne Peterson of the Yvonne School of Dance is in charge of both dances.

The parish will provide recreation in the parish house during Lent for both high schoolers and grade schoolers; this will be announced later.

REBEKAH'S TO HOLD VALENTINE PARTY

Lakeside Rebekah Lodge will hold a Valentine party following the meeting Wednesday evening Feb. 15 at the hall. Each member is asked to bring a home-made valentine.

David Clare Mair, infant son of Mr. and Mrs. Clarence Mair was baptized in St. Ignatius' church on Tuesday, the 7th of February.

James Mulholland, of Ottawa, was the dinner guest of Mr. and Mrs. H. K. Gaston Tuesday.

Mr. and Mrs. Sidney Gover, proprietors of The Trading Post, write from Tarpon Springs, Fla., that they are having plenty of sunshine and are enjoying their vacation.

Mr. and Mrs. Charles Zapp who are spending the winter in Sarasota, Fla., send best regards to their Antioch friends.

Mr. and Mrs. Richard Davis of The Store of Klass, were called to Chicago Monday, due to the sudden illness of Mr. Davis' mother, who was taken to the Wesley Memorial hospital.

Dr. G. W. Jensen attended the sixty-eighth annual convention of the Illinois State Veterinary Medical association, held in Peoria last week.

WOMEN'S SOCIETY OF METHODIST CH. TO HOLD MEETING

The Woman's Society of the Methodist church will hold a pot luck dinner and meeting Wednesday, Feb. 15, at 1 o'clock in the church dining room. Each person is asked to bring their own table service. Mesdames Henry Ruggles, Anton Johnson and Edward Gressens will have charge of the dinner.

Mrs. Robert Cary will give the devotion. Mesdames James Kopriya, Clarence Olson and Charles Davis will furnish special music.

The first lesson in the study course will be given by Mrs. T. R. Birkhead, the subject to be "Women of Scripture". Mrs. Birkhead will also speak on "Nature and Training in the Home". Miss Alice Smith will give the second lesson, entitled "Sharing the Home". Mrs. W. C. Petty is circle leader for the month of February.

GLORIA KOHLER TO CELEBRATE 1st BIRTHDAY SATURDAY

Little Gloria Kohler, daughter of Mrs. Mary Kohler and the late Clark Kohler, will celebrate her first birthday anniversary with a party for twelve little friends Saturday, Feb. 11. The guests will be Mrs. Conrad Walters and three children, Mrs. Richard Chapman and four children, Mrs. Morris Verkest and three babies and Mrs. Marvin Heath and her two children.

Mr. and Mrs. Arthur Hermanson of Waukegan are the parents of a daughter, "Diane Lois", born Saturday, Feb. 4, at Victory Memorial hospital. Mrs. Hermanson is the former Miss Ruth Ferris, daughter of Mr. and Mrs. Paul Ferris, of Lake Marie.

V. F. W. ANNUAL DANCE FRIDAY, FEBRUARY 10

The Antioch Veterans of Foreign Wars annual dance will be given Friday evening, February 10 in commemoration of the anniversary of the sinking of the Maine, at the Northshore Gardens, North Ave., Lake Catherine. Music will be furnished by King Jaros and his orchestra. Mr. Lou Adams in charge of arrangements. No admission.

F. H. A. TO HOLD HOBBO HOP, SATURDAY

The Future Home Makers of America of the Township High school will hold a Hobbo Hop following the basketball game Saturday. Prizes will be given for the best costumes.

Mrs. Ida Osmond was hostess to the members of her bridge club at her home on Orchard street Tuesday afternoon.

ANTIOCH UNIT AMERICAN LEGION AUX. TO HOLD MEETING FRI.

Mrs. Lydia White, of Waukegan, will speak on Americanism at a meeting of the Antioch Unit American Legion Auxiliary at its regular meeting Friday evening, Feb. 10, at 8 o'clock. Mrs. Anna Christensen and Mrs. Mary Runyard will serve on the refreshment committee.

B.P.W. Hear Talks On Social Security And Trip to Ireland

The intricacies of the Social Security law were revealed to members of the Business and Professional Women's club by Elwin Kris, Waukegan, in a chalk talk at the Scout home Monday evening.

Kris explained the time element involved and the conditions under which old age pensions are paid and the amounts paid the insured and his survivors, or dependents.

Mrs. Alice Freeman gave a minute account of her trip to Ireland illustrating her trip through a linen mill through a display of a beautiful Irish linen table cloth she brought back.

Mrs. Fern Lux, membership chairman, introduced the new 1949-50 members. Several guests were present. Refreshments were served by Mrs. Lux, Mrs. Robert Wilton, Mrs. Anthony Stanich, and Mrs. John Horan.

Mrs. Myrus Nelson, chairman, gave a report of her committee on the progress of the Washington card party to be held Monday at the Scout Home for the benefit of the meeting place.

LAKE VILLA CHURCH OBSERVES RACE RELATIONS DAY

Sunday morning Race Relations Day will be observed in our church. On this day the people of races in the minority in America will be remembered in prayers and sermons. Particular attention will be called to the negro minority by a dramatic sermon on the theme, "If Your Face Were Black" by the pastor. The Intermediate department of the Sunday school will be the special guests of honor.

New members are being added every Sunday to the membership of the University of Life Sunday school class in the parsonage. The discussion became better than ever as the group began consideration of three basic questions on religion and health: How would I pray if the doctor told me there was nothing wrong with me, but I never felt well? How would I pray if the doctor told me I must undergo a dangerous operation where my chances were 50-50? How would I pray if told I could live only a short time? New members are always welcome. Coffee is served every Sunday morning at 9:45 a. m.

Young People at Lake Villa To Have Square Dance

A gala meeting of the Community Youth Fellowship will be a public affair Sunday evening as the young people of the surrounding area gather for an old fashioned square dance in the church basement. Neil Reidel will be in charge of the square dance calling. A committee headed by Jack Mahoney and including Billy Hucker and Caran Martin will be in charge of decorations which will convert the lower floor into a barn, hay and all. Irene Perry, Marilyn Mix and Jill Mahoney will arrange for music for the evening. A mother's committee will plan refreshments of substantial nature. A registration fee of 25c will be charged. The affair is open to everyone from 14-23 years of age, regardless of community or denominational affiliation.

M. Y. F. GROUPS TO HOLD VALENTINE PARTIES

There is a Valentine Day's party planned for M. Y. F. group of the Methodist church for Sunday, Feb. 12 at 4:30 p. m. Bob Wilton will conduct the worship service, with "Race Relations" as his topic. The discussion, led by Bud Cardiff, will be on the subject of "But I am not prejudiced."

The Intermediate M. Y. F. group will hold a meeting and valentine party at the church Sunday, Feb. 12. They will have as guests the 6th, 7th and 8th grade children of the Lake Bluff Orphanage. The Antioch group will furnish all the baskets of food and also the drink for the guests. The worship service subject will be "What Shall We Pray About?" led by Miss Valerie Gressens.

Seek Vote on Addition To Union High School

A request has been made by petition for a special meeting to vote on a \$350,000 addition to the present Union Free High School building at Wilmet, Wis.

The petitions are maintaining that the problem of providing for the increased number of high school students is no nearer solution than it was 12 months ago.

One referendum approved the project, but the election was held illegal.

Arguments for the addition to the present school are that (1) it is most economical, (2) it allows for future development (3) it solves the present problem quickly and adequately, (4) by using the present building a modern safe building valued at \$650,000 by the state can be built, (5) it does not mark the end of an institution that served its own and adjoining areas for nearly 50 years, and (6) that harmony in the district is essential and this is a reasonable step for such a goal.

At Bedside of Ailing Grandfather
Miss Margaret Anderson arrived at her home on North ave., Tuesday evening from the Lackland Airforce base, San Antonio, Texas, to be with her grandfather, C. F. Barthel, aged 92, who is in a serious condition. She has completed 11 weeks of training in the Women's Air Force and was given 10 days emergency leave to return to her grandfather's bedside. The trip was made in an army plane. She is the daughter of Mr. and Mrs. Charles Anderson.

Mrs. William Thielemann is now at her home on Victoria st. Since taking ill Christmas eve she has been at the home of her son on Ida ave., but her improved condition makes possible her return to her own home. She is grateful to her friends for the many cards and flowers, to the Rescue squad for its first aid and to Dr. Irving Breakstone for his care.

Coast Guard Auxiliary To Meet Saturday Night

The next regular meeting of Flotilla 21-06, U. S. Coast Guard auxiliary, will be held at 8 p. m. Saturday at the Fox Lake Boat Co., Fox Lake, Cmdr. Victor C. Witting announced.

Coast guard sound pictures and lots of other special business will be brought up, according to Secretary Frank Gelle.

Established in 1939 in an attempt to encourage safety at sea, insure better compliance with laws and regulations governing the operation of motor boats and yachts, and to promote greater efficiency in small boat operation, the United States Coast Guard auxiliary is today an active alert group of experienced blue-water sailors who appreciate the joys and hazards of life afloat—and give their own time to making it pleasanter and safer for others.

For further information and application blanks interested persons may call Frank Lux, 1110 Bishop St., Antioch, Ill., or phone Antioch 529-R.

Elms Undergo Operations

Mr. and Mrs. Irving Elms, of Lake Catherine both underwent operations last week at hospitals in Rochester, Minn. Mrs. Elms had her operation, a major one, on Thursday at the Kahler hospital, and Mr. Elms an operation on his foot at the Colonial hospital Saturday. He will have his foot in a walking cast for sometime. The two made the trip by automobile not expecting operations, but found their condition worse than they expected. They will be in the hospital for a week yet. Her surgeon happened to be one who has been spending his summer vacation for the last 31 years at Lake Catherine.

Gas Company Asks I. C. C. Permission to Offer Heat To 7,500 More Dwellings

The Public Service Company of Northern Illinois today asked the Illinois Commerce commission for permission to offer gas heat to 7,500 more single family dwellings in suburbs and other northern Illinois communities served by the company.

Installation by the utility of additional gas storage capacity to help meet peak loads makes this possible Britton I. Budd, Public Service president, said.

More than 36,000 unfilled requests company as of Dec. 31, 1949. The for gas heat were on file with the 7,500 new installations will go to those at the top of his waiting list, Budd said.

The commission has restricted the number of gas heat users since July, 1946 to protect the general gas supply. Since then gas heat installations have been added only with commission approval as additional gas or storage facilities became available.

During this three and one-half year period, Public Service has been able to add 23,000 gas heating customers. Budd estimated that the 7,500 to be authorized would take care of all requests up to about April 1, 1949.

Those who receive authority to use gas in their furnaces are expected to have their installations made before the beginning of the 1950-51 heating season next fall. The company plans to notify eligible customers as soon as possible following receipt of commission approval.

Charles Nagle, Lake Villa New Recruit in Air Force

Sgt. George A. Fisher, non-commissioned officer in charge of the U. S. Army and U. S. Air Force re-

cruiting station in Waukegan announced that Charles G. Nagle, Rt. 1, Lake Villa, has enlisted for the United States Air Force.

Young Nagle was one of the Lake County youths who qualified for enlistment under the small January quota. He is already at Lackland Air Force Base, Texas, and has Lackland. After he completes his

basic training he will be sent to a technical school or assigned to a permanent organization where he will learn an Air Force Technical Specialty based upon a battery of aptitude tests taken by Nagle and followed by expert counseling to determine his particular career field.

The members of the Woman's Society of Christian Service were special guests at the Community Church last Sunday morning at the worship service and "Women's Faces" was the sermon topic. The Intermediate department of the church school will be honored guests next Sunday with an appropriate sermon for young people.

The W. S. C. S. will sponsor a Valentine card and bunco party at the recreation room at the church on Wednesday afternoon, Feb. 15 and the public is especially invited. All popular games will be played. Dessert luncheon served.

The members of the Halcyon club are practicing for a home talent play, "Brides to Burn" to be given at the school gym on Friday and Saturday evening, Feb. 24 and 25. Those who have seen these actors and actresses in action in last year's play, will not want to miss this one, for it will be even better. It's a comedy.

Mr. and Mrs. C. W. Reinebach accompanied by Mr. and Mrs. Joe Eberler, of Chicago, are enjoying a couple week's vacation in Florida, and in their absence, Mrs. Georgia Ellis, nee Georgia Lee Reidel, will be in charge of the store, so it will be open as usual for business.

Mrs. Inga Swanson came last week to visit friends in this vicinity which was her home for sometime before she and her husband moved to Glenwood, Ark., where they operate a tourist camp.

Mr. and Mrs. Lester Hamlin returned home Saturday from a very pleasant trip to Florida, and Mrs.

Hamlin's sister, Mrs. George Beemsterboer and children, of Chicago, have returned home.

The ladies of the Sewing club spent last Thursday afternoon at Antioch as guests of Mrs. Eugene Sheehan at a chop suey luncheon, and Mrs. Edwin Krooks, of Waukegan and Mrs. Dudley Kennedy of Antioch were guests.

The 500 club met with Mr. and Mrs. Leo Barnstable at their home west of town last Saturday night and Mrs. Cecille Blumenschein and Wm. Fish were awarded first prizes. Mrs. Rose Keisler and Jake Fish, second prizes, while Mrs. Wm. Fish and Herman Keisler were awarded the consolation prizes.

The second in the series of three card parties will be held at the Stearns school on Saturday, Feb. 11, at 8:30 p. m. Pinochle, 500 and bunco will be played and everyone is welcome.

Mrs. Clarence Blumenschein and Mrs. Gordon Blumenschein were Kenosha shoppers Monday afternoon.

Cedar Lake Camp R. N. A. and Gurnee Camp held joint public in-

stallation of officers at the school gym on Tuesday evening last week with Dist. Dep. Gladys Ames as installing officer and Marcella Croft, of Gurnee, as installing marshal. The following women were installed as officers of Lake Villa Camp: Oracle Cecille Blumenschein; vice oracle, Elizabeth Anzinger; Past Oracle, Mary Davis; Chancellor, Ethel Wood; Recorder, Helen Fish; Receiver, Cora Hamlin; Marshal, Marie Hamlin and Assistant Marshal, Georgia Avery; Inner Sentinel, Vivian Adamson; Outer Sentinel, Lillie Freier; manager for three years, Mary Hriblan; Flag bearer Velma Langosch; Delegate to State Camp, Cecille Blumenschein and Alternate Harriet Davis. Each officer was presented with a corsage of carnations and the installing officers received arm bouquets. Cake and coffee were served at the close of a delightful meeting.

The R. N. Officers Club of Lake Villa Camp held the first public card party of the year on Wednesday afternoon this week with Mrs.

Paul Avery, Sr., at her home north of town.

Cedar Lake Camp R. N. A. will hold its next meeting on Tuesday evening, Feb. 14, with Mrs. Mary Hriblan at the Father Basil home.

BLUE CROSS RE-ENROLLMENT SCHEDULED IN LAKE COUNTY

Use of Operating Room Provided by Blue Cross

Blue Cross protection against costs of hospital care will again be available to residents of Lake county during a limited re-enrollment in the Plan which opens on February 20 and will continue through March 4. This special enrollment will extend Blue Cross benefits to more residents of the county under the sponsorship of the Lake County Health Improvement Association.

Surgical service is one of the important features of modern hospital care and Blue Cross benefits include unlimited use of the operating room in member hospitals when the doctor advises surgery. The specialized equipment of today's hospital operating rooms assures the patient that every possible precaution is taken for his comfort and welfare. Blue Cross benefits also cover anesthetic supplies and their administration by hospital employees.

It doesn't pay to doctor your own **INSURANCE**

If you are not trained in the medical profession, it doesn't pay for you to diagnose your illness or to prescribe the medicine which you should take to make you well. Neither does it pay for you to doctor your own insurance. We have seen the results, bad results, of this so many times that we urge you not to do it even though we never handle a nickel's worth of your insurance business. This is altruistic advice for your own good and for the good of the insurance profession.

Can Your Oil Burner
Burn the New
"CAT-CRACKED"
Fuel Oils with
Full Efficiency?

If Not, You'll be Big Money Ahead to Replace with a

TIMKEN Silent Automatic WALL-FLAME OIL BURNER!

Certain types of oil burners have trouble "digesting" the new catalytically-cracked fuel oils. If you have a burner that produces a red, smoky flame and are interested in saving as much as 25% on your fuel oil bills, let us demonstrate the Timken Silent Automatic Wall-Flame Oil Burner (now equipped with a revolutionary device that completely vaporizes all types of oils and makes any type as easy to burn as any other.) Then let us make a complete efficiency test of your present burner so we can prepare a written guarantee of fuel savings for your consideration. Get the facts (without cost or obligation)—then decide! Our phone number is below—phone us right now!

Odd Fact

First Facts

The first use of the words "In God We Trust" on United States coins was on the two cent bronze piece in 1864.

The first portrait known to have been painted in this country was that of Governor Richard Bellingham of Massachusetts, 1641. The artist was William Reaf of Boston.

Charles E. Duryea was America's pioneer automobile manufacturer. The Duryea Motor Wagon Co., organized in Springfield, Mass., built and sold 13 motor carriages during the winter of 1895-96. These were the first automobiles to be regularly made for sale in the United States.

The first mail from New York to Boston was established on a monthly basis during the regime (1608-1672) of Governor Francis Lovelace.

Louisiana far outranks other states in the production of furs. This is because of the enormous muskrat population found along the miles of creeks, rivers and bayous of the state.

"The good die young."

Six per cent more males than females are born. By the time they enter manhood and womanhood, the sexes are equal in number. In maturity there are 15 per cent more females than males, and in extreme old age, there are almost twice as many females as males surviving.

Famous "Alibis"

"Sorry, but I can't give you any appointment today. I have 18 cavities to fill this afternoon," said the dentist as he put the receiver back on the hook, picked up his golf clubs and left the office.

Tips for Cooks—

When the pie or casserole dish runs over in the oven, simply throw a little salt on the mixture that boiled out onto the stove. This will prevent that unpleasant burner odor.

BISCUIT DOUGH

Cut biscuit dough into squares quickly with the metal ice cube rack from the refrigerator tray.

CHEESE

When cooking cheese follow this procedure whenever possible:

Blend the cheese in a smooth sauce before adding to other ingredients.

To play safe when making wash garments for children, sew a piece of the material to the hem on the underside. In this way it is washed with the garment and matches perfectly when the need for a patch develops.

On Women and Weeds

Bad men would like women to be like cigarettes.

In a case — so many — all slender and trim.

Waiting in a row to be selected, set a light to And when finished with, tossed aside.

More fastidious men prefer women like cigars: They are exclusive, look better and last longer.

But if the brand is good, they don't give them away.

Nice men treat women like pipes

And become more attentive to them the older they get.

When the flame is burnt out, they still look after them.

Knock them gently, but lovingly, and care for them always.

NO MAN SHARES HIS PIPE

Grandpa Splinter Sex

Seconding motions is an easy way of feeling you are taking an important part in a meeting.

Chop your own wood, and it will warm you twice.

Many women use a pill to get rid of a headache, and vice versa.

Success — is making more money to meet obligations you wouldn't have if you didn't have so much money.

This Week's Quizzer

Were there ever any Russian colonies in the United States?

Answer to last week's quizzer. What president never saw Washington until he went there as president? Grover Cleveland.

He was little known outside of his own county and never visited Washington until he attended his own inaugural.

Recruiting Officer for Army and Air Force Will Visit Antioch Each Week

M/Sgt. George Fisher, non commissioned officer in charge of the United States army and United States air force recruiting station, 425 Washington St., Waukegan, has announced that a recruiting sergeant will make a scheduled visit to Antioch in order to bring the services and facilities of the recruiting station closer to home for the residents of Northwest Lake county. Necessary arrangements have been made and Sergeant Miles J. Lihne will be at the Antioch Township Library every Monday morning from ten until twelve. He will be available to offer any information, answer questions and give preliminary interviews to any applicants for enlistment in the Army or Air Force.

Sgt. Fisher further elaborated, explaining that the U. S. Army and U. S. Air Force of today offers unparalleled opportunity to the young men and women that can qualify for enlistment. Entrance standards are higher and applicants are carefully selected under rigorous requirements. But once an applicant has qualified for enlistment, every effort is made to help him get ahead. This is accomplished by special training and education which includes a vast array of technical and administrative schools, supervised on the job training and expert vocational counseling. Interested young men and women and parents are urged by Sgt. Fisher to take advantage of Sgt. Lihne's regular visits to Antioch and learn in detail about the innumerable opportunities open in today's US Army and US Air Force.

'WAY BACK WHEN Do you remember 'way back when (Say thirty, forty years) You never saw your sweetheart's limbs, But judged her by her ears? The kids were washed each Saturday night, Their daddy cut their hair, Their suits were made from their uncle's pants And they wore no underwear. The women padded, but did not paint, Nor smoke, nor drink, nor vote. The men wore boots and little stiff hats And whiskers like a goat. Not a soul had appendicitis, Nor thought of buying glands; The butcher gave his liver away. But charged you for his hams. Your beer gave six per cent, You never had a bank account, The hired girl got three bucks a week, And twelve bones paid the rent. You could stand each night when work was o'er With one foot on the rail, And your hip supported not a thing Except your own shirt tail. You had real friends and trusted them, You knew they were sincere; Your wife would meet you with a smile When you brought home a can of beer. —Wm. Q. Brady.

Social Security Office Hunts Person Whose Tax Returns Not Reported

The Waukegan, Illinois Social Security office is on a man hunt.

The cause is social security numbers missing from tax returns, and the local office has commenced a drive to secure employer and employee cooperation in correct reporting.

Mr. Bernard Barnett, field office manager, pointed to a stack of correspondence relating to numbers missing from tax returns.

"These represent thousands of dollars worth of wages which cannot be credited to the individual workers unless we find his social security number," he said.

"Many of the accounts represent small earnings from part-time employment, while other represent sizeable salaries. Many of these numbers are later located and credited to the worker, but the time to secure the number is the first day the employee starts working, or when he applies for the job.

"Much additional expense is incurred both the employer and the government in trying to locate missing social security numbers after the quarterly return is submitted."

He explained that missing numbers represent only a minute part of the total earnings reported, but even a small amount may mean the difference between monthly social security benefits or none at all. They likewise affect the size of the individual's benefits.

Mr. Barnett reminded workers that the statute of limitations applied after four years and suggested that all workers check their records at least that often. His office has a simple post card form to complete and mail for those interested in verifying the accuracy of their social security accounts.

Improved Diet

By 1940, Americans had improved their diet by eating, on an average, three times as many oranges and other citrus fruits as in 1910, four times as much canned fruit, twice the amount of fats and oils, and substantially more dairy products.
